# **EVALUATION OF DIRECT ENHANCEMENT SERVICES**

### **Comprehensive Consumer Education**

Parents who need child care for their children are faced with the challenging task of learning how quality care is defined, locating a program that provides that level of quality, and securing a spot for their child. Parents must also find a place that is convenient, affordable, and aligns with their family's philosophy of care and education for their child. In response, ELCHC's Family Services team has developed a holistic approach to delivering a variety of strategies and resources to support parents seeking the right place for their child.

ELCHC's Family Services Specialists are trained as Child Care Resource and Referral Specialists and offer unbiased information and guidance to families about child care options, information to help families identify quality early learning programs, financial assistance strategies and referrals to other community programs and resources as needed.

ELCHC has four kiosks available in its Family Services Department to ensure families have access to the technology needed to complete the on line School Readiness and/or Voluntary Prekindergarten application process. In addition, the ELCHC has partnered with seven Family Resource Centers (FRC) to ensure families in all areas of Hillsborough County can easily access technology. The Family Services Coordinator provided training to case management staff at seven Family Resource Centers regarding the Online application processes and a local company, Dex Imaging, donated seven scanners which were distributed to the FRCs.

In addition to supporting the School Readiness and Voluntary Prekindergarten application processes,

ELCHC's staff maintains a comprehensive database of child care providers throughout Hillsborough County, including licensed child care centers and family child care homes as well as license-exempt facilities. Family Services Specialists use this data to create customized lists of facilities for families seeking child care. All Child Care Resource and Referral Services are available to families and child care providers free of charge.

#### During FY16-17 staff:

- Provided 18,150 child care referrals to families
- Responded to over 1,500 Online inquiries related to child care
- Distributed over 3,000 consumer education packets to families visiting eligibility locations
- Distributed 2,000 Quality Child Care Listing booklets to families and case managers to help foster families access high-quality programs that are Gold Seal Accredited and/or participating in Quality Counts (local quality rating improvement system)
- Responded to 37,694 phone calls
- Provided face-to-face service to 10,180 parents at the Dale Mabry Family Services office.

#### **Provider Financial Supports**

The ELC of Hillsborough operates a comprehensive provider QRIS (Quality Recognition and Improvement System) program entitled *Quality Counts for Kids* (QCFK). During the course of this year, revisions were made to QCFK to better reflect standards having the most positive impact on child outcomes: Ambitious Instruction, Supportive Environment, Collaborative Teachers and Effective Leaders. The new name for QCFK is *Quality Counts!* 

Providers participating in the QCFK program had access to training, technical assistance and coaching along with grant funds to support their programs' continuous quality improvement efforts. Additional funds were approved by the ELCHC Board for programs achieving a new star level after October 2016. In order to apply for these support dollars, participating programs are required to undergo a formal assessment and validation and then receive an official Quality Star Rating from the Coalition. Based on that validation and quality rating, programs subsequently develop and submit a Quality Action Plan. Upon approval of the action plan, programs submit an application for grant funds along with any required supporting documentation for items to be purchased with grant dollars. Once awarded grant

dollars, programs must submit regular progress reports that are in alignment with their approved Quality Action Plan. For FY16-17, 110 programs received \$305,986.34 in financial supports to aid in improving the quality of their programs.

ELCHC coaching staff continued to provide support for the third year to the 23 teachers in the five coaching pilot programs focused on the implementation of the Creative Curriculum and the use of Teaching Strategies Gold (TSG). Coaching was also provided to an additional 95 teachers (15 centers) and 11 family child care home providers for the second year while 17 new teachers in five centers received coaching for the first time. Three Creative Curriculum for Infants, Toddlers and Twos systems, plus three Creative Curriculum for Preschool systems, were provided to four of the first time coaching sites. The cost of these six sets that were purchased in a previous fiscal year is \$9,894.

Fourteen of the centers and one family child care home participating in coaching also implemented Teaching Strategies GOLD assessments of learning for all enrolled children. The ELCHC paid for the annual cost of maintaining subscriptions for all active (993) and archived (1,100) children.

Subscriptions to *my Teachstone* were purchased for the second year for both teaching staff and administrators from those programs receiving coaching. Those interested in receiving one of the subscriptions to *my Teachstone* were asked to apply for it and if selected, commit to fully implementing it. This is an online subscription service designed to combine CLASS observation data with individualized professional development resources. It enables CLASS observers to enter observation results and coaches to recommend the numerous videos, articles and courses to support quality improvement goals. Fifty (50) subscriptions were purchased for \$5,000.

The Creative Curriculum for Family Child Care Home Providers became available for the first time in April, 2017. Eleven of these new systems were purchased at a cost of \$12,749.

The ELCHC Institute for Early Childhood Professionals (IECP) offers a membership program for \$25 annually. The IECP is a space dedicated to supporting early childhood professionals through a variety of resources, services and events. Member benefits include discounts on consumable materials in the IECP work room used for die cutting, lamination and book making including 20 feet of free lamination per year and a 25% discount on all trainings offered by the ELCHC and its partners. Members can also borrow teacher resource books as well as classroom materials such as prop boxes, manipulatives, block and construction items and children's books. Members and community partners may also use the IECP meeting and training spaces at no cost. There are currently 320 IECP members.

#### **Training and Technical Assistance**

The ELC of Hillsborough continued to partner with the Early Childhood Council of Hillsborough County (ECC), University of South Florida Program Wide Positive Behavior Support, Champions for Children, Hillsborough County Public Schools-School Readiness Program, Hillsborough Community College Early Literacy Matters (ELM), and University of Florida Hillsborough County Extension to offer an extensive variety of trainings. Training information was distributed through the Coalition's training publication entitled The Bulletin. The ELCHC Learning Management System (LMS), which was rolled out in January of 2016, serves as the platform for training registration. Providers create their own account and access the course catalogue through the LMS. Partner agencies have access to their own training coursework information and registrations through the LMS. A total of fifty-one (51) different trainings were offered to 357 unduplicated early childhood practitioners.

For a complete list and description of trainings offered to school readiness program providers, staff, and parents, see **Attachment A**, pages 17 - 23.

### **Coaching**

Coalition staff continued to provide coaching for a third year to support the implementation of Creative Curriculum in 121 classrooms serving children birth to 5 in 25 child care centers and 11 family child care homes. A total of 146 practitioners in these programs received coaching to enhance curriculum usage, staff-child interactions and global quality. Applicable pre and post ERS or CLASS Observations were conducted to determine individual teacher growth. Of the 96 post assessments conducted prior to June 30, 2017, 91 (95%) demonstrated growth.

All classrooms in 14 of the centers participating in coaching, as well as one family child care home, received technical assistance in the implementation of Teaching Strategies Gold. 993 children are being served with levels in Teaching Strategies GOLD (TSG) at least one time during this past school year. Of those children, 824 had 2 checkpoints (fall and spring). 690 (84%) of the children with two checkpoints are meeting or exceeding widely held expectations in all six domains at the time of the post assessment.

The Coalition's contractor provided coaching to 164 practitioners with 141 of those showing significant improvement based on a pre and post Environment Rating Scale or Classroom Assessment Scoring Susytem (CLASS).

Forty-eight of the classrooms in the 25 centers, and six of the family child care homes, receiving coaching by ELCHC staff were infant, toddler or two-year-old classrooms. These practitioners received at least 12 coaching visits over the course of a minimum of six months. Pre and Post ITERS or CLASS observations were conducted to determine individual teacher growth. Teachers completed 12 hours of training in the Creative Curriculum for Infants, Toddlers and Twos and if their program implements Teaching Strategies Gold (TSG) child assessments, they also completed 12 hours of training in TSG. Of the 34 post observations conducted by June 30, 2017, 29 or 85.3% demonstrated growth. The Coalition's contractor provided coaching to 77 infant/toddler practitioners.

Trainings were offered specifically for those working with infants and toddlers:

- Creative Curriculum for Infants, Toddlers and Twos
- Early Childhood Symposium for Infants & Toddlers
- Ready, Set, PLAY
- The Learning Adventure Planning for Young Children (Infant/Toddler/2)
- Safe Baby Training
- CARA's Kit for Toddlers: Creating Adaptation for Routines and Activities
- Introduction to the Infant Toddler Environment Rating Scale (ITERS-R)

### **Monitoring**

#### **School Readiness**

ELCHC staff performed desk reviews (Tier I) of the 839 School Readiness Program providers. This monitoring reviewed submission dates of required School Readiness Contract Documents, the date of completion and submission of the annual CCR&R Provider Updates, verification that the provider conducted the required developmental screenings using the Ages & Stages Questionnaire (ASQ) in a timely manner and the accuracy of monthly enrollment and attendance documentation.

In addition, staff monitored a random sample of 141 contracted School Readiness program providers using the Statewide Provider Monitoring Tool for Tier Two compliance.

Also, during FY16-17,s the Coalition's sub-recipient's Compliance/Fraud Department reviewed 311 cases

that identified and reported to the Department of Financial Assistance/Division of Public Assistance Fraud approximately \$839,906.05 in potential fraud. The Florida Office of Early Learning received from the Hillsborough County State Attorney's Office, restitution orders for more than \$237,000 based on fraudulent client applications and documents.

#### **Voluntary Prekindergarten Program**

ELCHC Provider Services staff monitored 388 Voluntary Prekindergarten Programs (VPK) to ensure each provider's program met the terms and conditions of the State of Florida Statewide Voluntary Prekindergarten Provider Contract. ELCHC staff monitored each private provider site; Hillsborough County Public Schools (HCPS) conducted the monitoring of all HCPS Voluntary Prekindergarten sites.

#### Inclusion

The Early Childhood Council of Hillsborough County (ECC) provides inclusion support services to providers and families in Hillsborough County. The local Warm Line is available to all child care centers and family child care homes as well as parents who request assistance regarding child care arrangements or concerns for their children with special needs. The goals of the Inclusion Initiative at the ELCHC are:
