Accessing the Provider Portal

The link to access the Provider Portal is <https://providerservices.floridaeearlylearning.com>.

Creating a Provider Portal Account

First-time Provider Portal users must register for an account to access the Provider Portal. Provider Portal users with multiple provider sites should begin by registering only one site location. This could be the provider's primary, flagship or main location. Once a Provider Portal account registration request is approved for one provider site, the provider user will be able to create accounts for additional sites after logging on to the Provider Portal.

Click the [here](#) link to start the new account registration process and the following page will display:

A Provider Portal user must enter the taxpayer identification number (from the provider), the provider identification number (from the early learning coalition) and the Department of Children and Families (DCF) license, registration, exemption number or type the word "EXEMPT". Providers may enter "EXEMPT" if they do not have an exemption number from DCF.

The Provider Portal user must click the **Verify License Details** button to complete step 1 of the Provider Portal account registration process.

If a match is found for the submitted information, the following message will display:

Provider Data Found

We found the following Provider data which corresponds to the license information that you entered. If we've correctly identified your provider, click Yes to pre-fill sections of the registration form. Otherwise, click No and try again with different license information.

Business name: 4 Kids Academy
Doing Business As name: 4 KIDS ACADEMY
Owner name: SARINA

Is this your provider?

No

If the information is not correct, click the **No** button and contact the local early learning coalition.

If the information is correct, click the **Yes** button. On the next screen, the registration information will be populated by the system, with the exception of User Information.

If a match is not found for the provider information, the following message will display:

No Matching Provider Data Found

Taxpayer or Provider ID: ✖ 00000000000

License/Registration/Exemption #: ✖ EXEMPT

We were not able to find matching provider site or principal business data to the specified taxpayer/license information. If you are a new provider, this situation is to be expected.

If you have reason to expect that your information should be in our provider system, please re-enter your license information and try again or contact your [early learning coalition](#) for assistance.

Troubleshooting a Provider Portal Account Error Message

If the Provider Portal user receives the following message, contact the local early learning coalition to verify that the taxpayer identification number matches the OEL database.

The license number belongs to a provider/business that is associated with a different taxpayer identification number.

If the Provider Portal user receives either of the following messages, contact the local early learning coalition to determine if a provider portal account has already been created.

The license number belongs to a provider that is already associated with a registered account.

The taxpayer or provider identification number belongs to a business that is already associated with a registered account.

If the Provider Portal user receives the following message, contact the local early learning coalition to determine if the user name (email address) has been used in the Family Portal. The coalition may need to consult with OEL to make this determination. If a user name has been used in the Family Portal, even if an application was not created, OEL will have to remove the user name from the database so it can be used in the Provider Portal. If a provider has improperly used a user name to complete SR or VPK applications for a parent, the provider must contact that parent to get a replacement user name for that application so the provider's user name can be used in the Provider Portal. Another option is for the provider to pick another user name to use in the Provider Portal.

Provider Dashboard

After logging on to the Provider Portal, the following page will display:

The screenshot shows the Provider Dashboard interface. At the top, there is a navigation bar with a home icon, 'Home', and several dropdown menus: 'Business', 'Profile', 'Contracts', and 'Documents'. On the right side of the navigation bar, there are fields for 'Sites' (set to 'Jim's House of Smarties'), 'Profile' (set to '2018 - 2019'), a user email 'Hello ledbetter.kiwanis+10@gmail.com!', and a 'Log Off' button with an information icon.

The main content area is divided into six panels:

- Common Tasks:** Contains links for 'Manage Sites' (with a sub-link 'Manage All Sites'), 'Manage Users' (with a sub-link 'Manage All Users'), 'Manage VPK Applications and Contracts' (with sub-links 'VPK Provider Application', 'Manage VPK Instructors, Calendars, and Classes', 'Statewide VPK Provider Contract', and 'VPK Contract Amendment'), and 'Manage SR Contracts' (with sub-links 'Statewide SR Provider Contract' and 'SR Contract Amendment').
- Broadcast Messages:** Displays 'No messages to display.'
- Coalition Messages:** Displays 'No notifications or alerts to display.'
- Provider Site Summary:** A table showing site details:

Business name:	Jim's House of Smarties
Doing business as:	Jim's House of Smarties
Provider ID:	8435
License number:	
SSN / Federal ID number:	999999999
- Frequently-Used Links:** A list of links including 'Bright Beginnings', 'Core Competencies', 'DCF Provider Training', 'Early Learning Performance Funding Project', 'Provider Portal User Guide', and 'VPK Provider Readiness Rate Website'.

Multiple Sites

If the Provider Portal user registered a provider site that shares a taxpayer identification number with multiple sites, all of the sites with a shared taxpayer identification number will appear in a dropdown list for that Business Administrator.

This screenshot is identical to the one above, showing the Provider Dashboard. The 'Sites' dropdown menu in the top navigation bar, which currently shows 'Jim's House of Smarties', is highlighted with an orange rectangle to indicate its function in the context of multiple sites.

Manage Sites

Providers with multiple site locations can use this feature to manage additional sites. Click the **Manage All Sites** link to add new provider sites. Additional sites can only be added if the sites share the same taxpayer identification number. This function will only be needed if the provider site is not found in the OEL database. Sites that share the same taxpayer identification number will automatically be assigned to the Business Administrator who registered the first provider site with the same taxpayer identification number.

The screenshot shows the 'Manage Sites' dashboard. The top navigation bar includes links for Home, Business, Profile, Contracts, and Documents. The user is logged in as 'Jim's House of Smarties' with a profile for '2018 - 2019'. The dashboard is divided into four main sections:

- Common Tasks:** Contains links for 'Manage Sites' (highlighted with an orange box), 'Manage All Sites', 'Manage Users', 'Manage All Users', 'Manage VPK Applications and Contracts', 'Manage SR Contracts', and 'Manage All Contracts'.
- Broadcast Messages:** Displays 'No messages to display.'
- Coalition Messages:** Displays 'No notifications or alerts to display.'
- Provider Site Summary:** Shows details for 'Jim's House of Smarties', including 'Doing business as: Jim's House of Smarties', 'Provider ID: 8435', 'License number: 999999999', and 'SSN / Federal ID number: 999999999'.

If care is not provided for that Unit of Care and Care Level, no entry is needed.

Providers that indicate they want to complete a contract to participate in the school readiness program on the General tab will also have a section on the Private Pay Rates tab to enter the Daily Rates for the School Readiness Program. The Provider Portal user may edit the \$0.00 amount for each "Unit of Care" and "Care Level" offered by the provider or click on the **SR Daily Rate Helper** button. The Helper button will automatically calculate the rates based on the Full Time Monthly Rates or Full Time Weekly Rates, and the Part Time Weekly Rates entered in the Private Pay Rates section. The rates are also editable after calculation.

NOTE: These rates will be utilized in the contracting process if the provider enters into a School Readiness contract with an early learning coalition.

Once selected, the date will change from white to blue. The local early learning coalition may define reimbursable holidays, which will be shaded gray. When a provider closure date and a coalition-defined reimbursable holiday are the same, the date will be shaded dark blue. A Provider Portal user does not need to include Saturdays and Sundays on the Closures Calendar if services are not provided on those days.

NOTE: Actual reimbursable holidays will be selected during the contracting process if the provider enters into a School Readiness contract with an early learning coalition.

VPK Wrap Rates

Previously, the VPK Wrap Rates were displayed in the Approved PROVIDER Reimbursement Rate table in Exhibit 3 (see green outline above), but are now displayed with a pair of asterisks. These rates are based on a formula that incorporates daily payment rates for PR4 and PR5, which is converted to a daily rate, and multiplied by the number of wrap around hours needed for each child.

Signing a Contract

The Provider Portal user will read the contract and scroll down to Section XV. to electronically sign the contract by checking the **By Electronic Signature** checkbox.

NOTE FOR PUBLIC SCHOOLS: If a school board or school district needs to manually sign a contract (instead of an electronic signature), the contract can be submitted without an electronic signature, then downloaded as a .pdf and printed.

XV. EXECUTION OF CONTRACT

Providers are to use the calendar to note any non-instructional days on which VPK instruction will not be delivered (such as vacations or holidays) and exceptions to normal instructional days that occur during the defined calendar start and end date. Entering Non-Instructional Days and Instructional Day Exceptions can increase or decrease the Total Calculated Hours.

For example, if the Total Calculated Hours exceed 300 hours for the summer program type or 540 hours for the school-year program type (as shown in the example above), the user may remove a day (or more) by labeling it a Non-Instructional Day. Each Non-Instructional Day entered will deduct the hours assigned to that day, thereby decreasing the Total Calculated Hours. Instructional Day Exceptions can be used to change the hours assigned to that day (to increase or decrease the hours). For example, if the calendar is a few hours short, an instructional day's hours may be extended to increase the Total Calculated Hours. To add a Non-Instructional Day or an Instructional Day Exception to the calendar, click on that date on the calendar. Multiple days can be selected by clicking and dragging across multiple days on the calendar.
