- 27** Attachment C - Total number of children served in each provider facility.

EVALUATION OF DIRECT ENHANCEMENT SERVICES

Comprehensive Consumer Education

Parents who need child care for their children are faced with the challenging task of learning how quality care is defined, locating a program that provides that level of quality, and securing a spot for their child. Parents must also find a place that is convenient, affordable, and aligns with their family's philosophy of care and education for their child. In response, Early Learning Coalition of Hillsborough County's (ELCHC) Family Services team has developed a holistic approach to delivering a variety of strategies and resources to support parents seeking the right place for their child.

ELCHC's Family Services Specialists are trained as Child Care Resource and Referral (CCR&R) Specialists and offer unbiased information and guidance to families about child care options, information to help families identify quality early learning programs, financial assistance strategies and referrals to other community programs and resources as needed.

ELCHC has four kiosks available in its Family Services department to ensure families have access to the technology needed to complete the online School Readiness (SR) and/or Voluntary Prekindergarten (VPK) application process. In addition, the ELCHC has partnered with six Family Resource Centers (FRC) to ensure families in all areas of Hillsborough County can easily access technology. The Family Services Coordinator provided training to case management staff at seven FRCs regarding the online application processes.

In addition to supporting the School Readiness and VPK application processes, ELCHC staff maintains a comprehensive database of child care providers throughout Hillsborough County, including licensed

child care centers and family child care homes as well as license-exempt facilities. Family Services Specialists use this data to create customized lists of facilities for families seeking child care. All CCR&R are available to families and child care providers free of charge.

During FY 17-18:

- More than 11,101 children enrolled in VPK
- Provided 17,477 child care referrals to families
- Responded to over 500 online inquiries related to child care needs
- Distributed over 3,000 consumer education packets to families visiting eligibility locations
- Responded to 54,071 phone calls

Provider Financial Supports

The ELCHC operated a comprehensive provider QRIS (Quality Recognition and Improvement System) program entitled Quality Counts!

Providers participating in the program had access to training, technical assistance and coaching along with grant funds to support their programs' continuous quality improvement efforts. For July 2017-June 2018 our trainings were free to any director, teacher, and family child care home providers working at a Quality Counts! Program.

- Directors, teachers, and family child care home providers could apply for a \$100 stipend for any 10 hours of trainings listed in the ELCHC Training Bulletin. Participants had the ability to apply for up to 20 hours for a total of \$200 in a one year time frame.
- Participants could apply for a \$200 stipend if they completed Making the Most of Classroom Interactions (MMCI).
- Participants could apply for \$150 stipend if they were reliable in Teachings Strategies Gold (TSG).

For FY 17-18 a total of \$77,750.00 in financial supports were awarded to aid in improving the quality of their programs.

ELCHC coaching staff continued to provide support for the third year to the 101 teachers and teacher assistants in 15 child care centers and seven family child care homes focused on the implementation of the Creative Curriculum and/or the use of Teaching Strategies Gold (TSG). The ELCHC purchased supplemental Creative Curriculum studies for 45 classrooms (six new studies per room) and Creative Curriculum Highlights Hello Exploration Packs for 35 infant, toddler and twos classrooms, all of which completed their third year of coaching. The cost for these materials was \$32,920.91.

Six of the centers and one family child care home participating in coaching also implemented Teaching Strategies GOLD assessments of learning for all enrolled children. Five additional centers who completed their three-year coaching project in the previous year continued to receive technical assistance on the use of TSG and implemented

assessments for all their children. The ELCHC paid for the annual cost of maintaining subscriptions for all active (613) and archived (more than 1,200) children. The cost for TSG subscriptions was \$7,356.

The 11 Creative Curriculum for Family Child Care Providers Daily Resources, which were purchased at the end of FY 17 for \$12,749, were distributed to FCCH providers participating in coaching and attending a training on the use of the materials.

The ELCHC Institute for Early Childhood Professionals (IECP) offers a membership program for \$25 annually. The IECP is a space dedicated to supporting early childhood professionals through a variety of resources, services and events. Member benefits include discounts on consumable materials in the IECP work room used for die cutting, lamination and book making including 20 feet of free lamination per year and a 25% discount on all trainings offered by the ELCHC and its partners. Members can also borrow teacher resource books as well as classroom materials

such as prop boxes, manipulatives, block and construction items and children's books. Members and community partners may also use the IECF meeting and training spaces at no cost. There are currently 334 IECF members.

Training

The ELCHC continued to partner with the Early Childhood Council of Hillsborough County (ECC), University of South Florida Program Wide Positive Behavior Support, Champions for Children, Hillsborough County Public Schools-School Readiness Program, and Hillsborough Community College Early Literacy Matters (ELM) to offer an extensive variety of trainings. Training information was distributed through the Coalition's training publication entitled The Bulletin. The ELCHC Learning Management System (LMS), which was rolled out in January, 2016, served as the format for training registration. Providers create their own account and access the course catalogue through the LMS. Partner agencies have access to their own training coursework information and registrations through the LMS. A total of 55 (fifty-five) different trainings were held during this fiscal year. 806 early childhood practitioners completed the 55 trainings and of these, 774 (96%) passed the Gains Survey. For a list and description of trainings offered to school readiness program providers, staff, and parents, see Attachment A, pages 17 - 25.

Coaching and Technical Assistance

Coalition staff continued to provide coaching for a third year to support the implementation of Creative Curriculum in 80 classrooms serving children birth to 5 in 15 child care centers and seven family child care homes. A total of 101 practitioners in these programs received coaching to enhance curriculum usage, staff-child interactions and global quality. Applicable pre and post CLASS Observations were conducted to determine individual teacher growth. Of the 85 post assessments conducted prior to June 30, 2018, 79 (92.9%) demonstrated growth.

Teaching staff in 12 centers as well as one family child care home, received technical assistance in the implementation of Teaching Strategies Gold. Fall, winter and spring checkpoints were conducted. 603 children had a spring checkpoint. Of these, 85.6% met or exceed widely-held expectations in the Social Emotional Domain, 87.7% met or exceed widely-held expectations in the Physical Domain, 85.1% met or exceed widely-held expectations in the Language Domain, 82.3% met or exceed widely-held expectations in the Cognitive Domain, 78.6% met or exceed widely-held expectations in the Literacy Domain, and 80.1% met or exceed widely-held expectations in the Math Domain.

Quality Activities for Infants & Toddler Care

The Coalition has completed a community needs assessment that included the identification of provider needs related to infant/toddler care and services. Those results were then used to plan available trainings at the IECF for the enhancement of infant and toddler care in our local community.

As a result of the assessment, these are the trainings offered and included in the ELCHC Training Bulletin, specifically for those working with infants and toddlers with the intent to improve infant/toddler care in our community:

- *Infant and Toddler Child Development The Total Package*
- *Making the Most of Classroom Interactions for Infants and Toddlers*
- *Creative Curriculum for Infants, Toddlers & Twos*

A plan of action has been initiated to establish a local Infant/Toddler Network comprised of representatives from local agencies serving Infants and toddlers. The local network will focus on a collaborative approach to address the needs of families and providers serving infants and toddlers through networking and community outreach. The network will also address the need for an increase in early childhood programs who provide infant and toddler care in the county.

EARLY LEARNING

COALITION OF HILLSBOROUGH COUNTY

Monitoring

The Provider Services staff of the ELCHC conducts monitoring of contracted School Readiness and Voluntary Prekindergarten (VPK) programs to ensure contract compliance.

Voluntary Prekindergarten Program (VPK)

During the 2017-2018 contract year, ELCHC Provider Services staff monitored 263 VPK Programs to ensure each provider's program met the terms and conditions of the State of Florida Statewide Voluntary Prekindergarten Provider Contract. ELCHC staff monitored a sample of private provider sites; Hillsborough County Public Schools (HCPS) conducted the monitoring of HCPS Voluntary Prekindergarten sites.

School Readiness Program (SR)

ELCHC staff performed desk reviews (Tier I) of

805 School Readiness Program providers. This monitoring reviewed submission dates of required School Readiness Contract Documents, the date of completion and submission of the annual CCR&R Provider Updates, verification that the provider conducted the required developmental screenings using the Ages & Stages Questionnaire (ASQ) in a timely manner and the verification of monthly enrollment and attendance documentation being submitted accurately.

In addition, staff monitored a sample of 139 contracted School Readiness program providers using the Statewide Provider Monitoring Tool for Tier Two compliance. These providers were both randomly selected and providers who were considered high risk due to the results of a previous monitoring.

Inclusion

The Early Childhood Council of Hillsborough County (ECC) provides inclusion support services to providers and families in Hillsborough County. The local Warm Line is available to all child care centers and family child care homes as well as parents who request assistance regarding child care arrangements or concerns for their children with special needs. The goals of the Inclusion Initiative at the ELCHC are:

1. To increase the number of providers who offer quality inclusive programs for children with disabilities and special health care needs.
2. To enhance the confidence, ability level, and education of caregivers who care for children with disabilities and special health care needs.
3. To assist providers and the families they serve in understanding and accessing the community resources and services available for children with disabilities and special health care needs.

4. To increase community awareness of the need for, requirements of, and benefits associated with inclusive child care for children with disabilities and special health care needs.
5. ECC Inclusion Services Program offers trainings on a variety of issues, including health, child development, environmental adaptations, curriculum, and laws and regulations. During FY17-18, ECC reports the following activities:

Number of trainings offered* - 14

Number of trainings held - 8

Number of practitioners trained - 85

Number of Warm Line calls - 96

Number of early learning settings that received technical assistance and consultation - 99

**Due to low registration 6 of the trainings were canceled."*

DATA SUMMARY

The following information is based on data collected from July 1, 2017 through June 30, 2018.

Number of children served in the school readiness program, by provider type, enumerated by age and eligibility priority category, reported as the number of children served during the month, the average participation throughout the month.

Below is a table illustrating a summary of the above information. Detailed information can be found in **Attachment B, pages 27 - 48**.

Billing Group Category	Licensed Private Centers	Licensed Exempt Centers	Licensed Large FCCH	Licensed FCCH	Public Schools
TCA (TANF-Cash Assistance)	283	7	5	22	24
At-Risk < Age 9	2,210	23	32	140	119
Econ Disadvantage<SCH Age	3,331	25	122	316	24
Transitional Child Care < SCH Age	372	3	11	33	2
At-Risk Age 9-12	59	10	-	-	21
Econ Disadvantage - SCH Age	1,845	68	31	158	590
Transitional Child Care SCH Age	137	4	4	10	47
Head Start and VPK	3	-	1	2	1
Child Care Executive Partnership (CCEP)	592	9	11	80	62
Monthly Average of Children Served	8,592	148	214	745	873

Total number of children disenrolled during the year and reasons for disenrollment.

During FY17-18 a total of 5,755 children were disenrolled. The total number of children disenrolled by reason are listed below.

Reason for Disenrollment	Number of Children Disenrolled
Child care provider has closed for economic or other business reasons.	47
Child deceased.	2
Child has a duplicate record.	1
Child has exceeded the age-limit for services.	49
Child is no longer residing with the guardian who completed the initial application. New paperwork must be completed by new guardian.	30
Child was enrolled in a program that changed provider types. Only used if new provider ID is assigned in EFS.	2
Client deceased.	1
Client does not show up for redetermination.	754
Client failed to comply with program requirements.	403
Client failed to provide required documentation to maintain eligibility.	224
Client is no longer eligible for services because the family income exceeds the allowable amount for eligibility.	53
Client moved out of the county in which funding is currently provided.	229
Client no longer has a valid purpose for care.	675
Client's contact information is no longer valid and fails to provide updated information by a specified date.	1
Custodian is involved in seasonal work (such as migrant or school district employees) and the child's enrollment is temporarily suspended while custodian is not working.	480
Parent/guardian withdrew child from the program.	186
Provider dropped child from the provider's program.	2,459
Provider is under investigation for suspected fraud.	6
Provider no longer receiving SR or VPK funds due to noncompliance or low performance.	102
Provider remains open, but no longer provides VPK or SR services.	4
Referral from referring agency has expired.	12
Referring agency has terminated the referral.	12
The program where the child was receiving services changed ownership. The new owner has a new provider record.	4
Transfer to another provider record (even if the second record is owned by the same provider).	19
Total	5,755

Data is from the Consolidated Database as of June 2018

Total number of providers by provider type.

Provider Type	Total Providers	Offered SR Only	Offered VPK Only	Both
1. Licensed Private Centers	435	80	114	241
2. License-Exempt Centers	42	36	4	2
3. Large Family Child Care Home	50	42	1	7
4. Licensed Family Child Care Home	233	229	1	3
7. Public School	246	133	113	0

Data is from the Consolidated Database as of June 2018

The following list consists of School Readiness Program providers, by type, whose eligibility to deliver School Readiness program has been revoked. List includes a brief description of the state of federal violation that resulted in the revocation.

The Early Learning Coalition of Hillsborough County had 4 School Readiness programs whose eligibility to deliver the school readiness program was revoked during FY17-18.

Provider Name	Provider Type	Reason(s) for Revocation
(DNU) CREATIVE BEGINNINGS LEARNING CENTER	Licensed Private Centers	Failure to comply with program or contract requirements may result in contract termination and inability to deliver School Readiness or VPK for 5 years.
(DNU) GRAVETTE-BROWN, SAMANTHA	Licensed Family Child Care Home	Failure to comply with program or contract requirements may result in contract termination and inability to deliver School Readiness or VPK for 5 years.
BOWEN, YENNY M DBA YCDC LLC	Large Family Child Care Home	Failure to comply with program or contract requirements may result in contract termination and inability to deliver School Readiness or VPK for 5 years.
LUIS, MIDIALA	Licensed Family Child Care Home	Failure to comply with program or contract requirements may result in contract termination and inability to deliver school readiness or VPK for 5 years.

Total number of children served in each provider facility.

The Early Learning Coalition of Hillsborough County had 1,006 early childhood programs that served 36,013 children in FY17-18. For a complete list of the total number of children served at each provider facility, see **Attachment C, pages 27 - 48.**

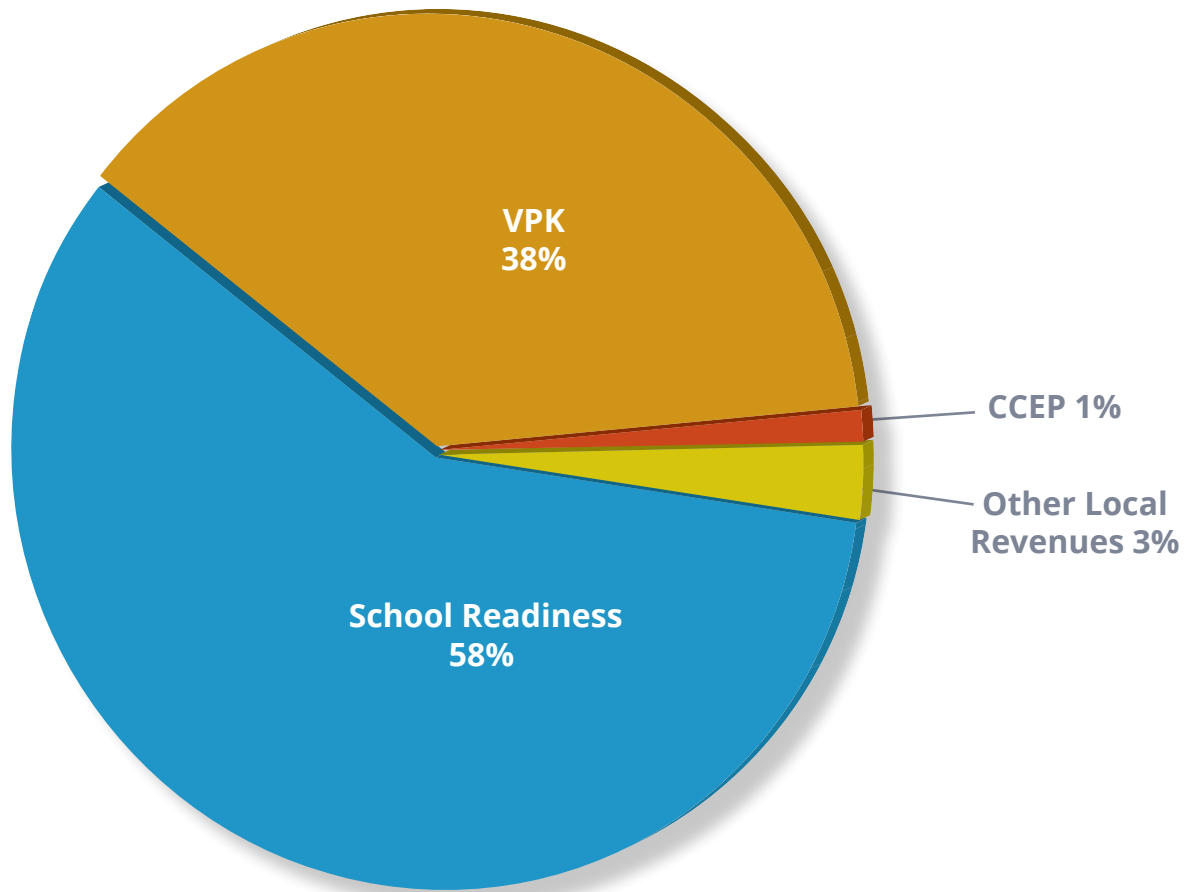

FISCAL SUMMARY

Segregation of School Readiness Program funds, Voluntary Prekindergarten Education Program funds, Child Care Executive Partnership Program funds and other revenues available to the coalition.

During FY17-18 the Coalition’s total operating budget was **\$76,828,497**. The table below illustrates the budget by program. The chart on the following page illustrates percentage of budget.

PROGRAM FUNDS	AMOUNT
School Readiness Funds	\$ 44,832,327
Voluntary Prekindergarten Education Program Funds	\$28,739,298
Child Care Executive Partnership Program funds	\$923,174
Other Local Revenues	\$2,333,699
Total	\$76,828,497

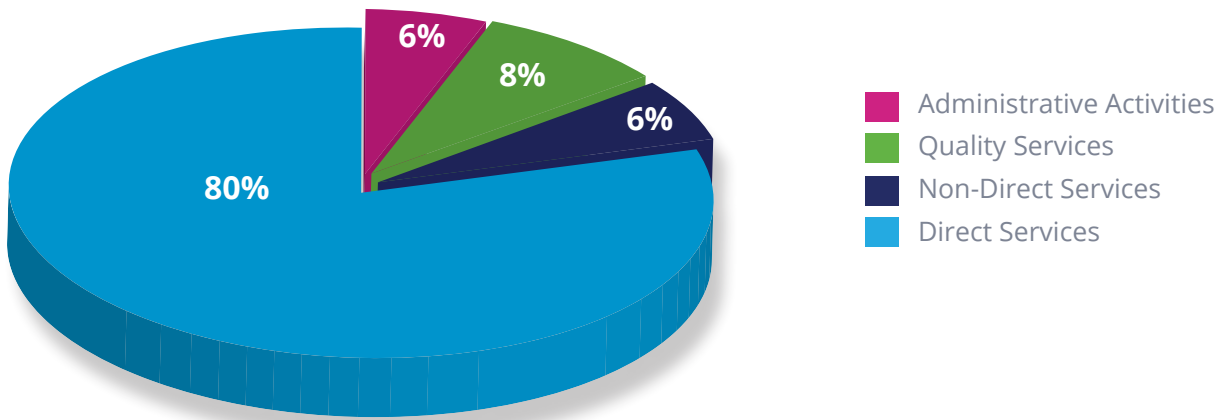

Details of expenditures by fund source, including total expenditures for administrative activities, quality activities, non-direct services, and direct services for children.

	SCHOOL READINESS	VPK	CCEP	OTHER LOCAL REVENUES	TOTAL
Administrative Activities*	\$2,605,188	\$1,119,696	\$	\$202,280	\$3,927,164

ATTACHMENT A - Trainings By Topic Area

Child Screening and Assessment

Ages and Stages Questionnaire: Social Emotional 2nd Edition

In this training, participants will learn about the features of the ASQ SE 2 and learn how to administer, score and discuss results with families. This workshop will cover the updates and revisions to the new ASQ: SE 2 for screening young children at risk of social emotional delays. The workshop will also cover effective strategies that promote social-emotional development.

Ages and Stages Questionnaire

This two hour Information Session educates participants on the benefits of using developmental screenings with children, and explains the local and state mandate regarding developmental screenings with School Readiness children. It describes the ASQ 3rd Edition, and offers practice completing and scoring the ASQ-3 in accordance with Law 7165. In addition, information will be provided regarding the Early Learning Coalition Hillsborough County mandate on submitting and maintaining completed ASQ's, as well as your partnership with the School Readiness Screening & Assessment team.

Teaching Strategies GOLD (TSG) – What's New?

Does your program already use Teaching Strategies GOLD (TSG) for ongoing child assessment of learning? If so, this training will explore the changes made to TSG as it switched to My Teaching Strategies. We will discuss what is new and what has remained the same.

Observation, Documentation and Intentionality in Early Childhood Classrooms (Also offered in Spanish)

This learning event will provide information on writing purposeful, objective observations of children. Participants will have many opportunities to distinguish between subjective and objective observations and practice writing factual, purposeful observations. We will explore a variety of strategies for recording, organizing and using observations to inform planning, assessment and communication with families. These activities will benefit early childhood teachers using any curriculum or assessment of learning. a fun raffle giveaways.

Developmentally Appropriate Curricula and Character Development

Implementing the Project Approach in the Preschool Classroom

The Project Approach (called "Studies" in the Creative Curriculum for Preschool) is the method of children learning by doing based on topics that are relevant and interesting to them. Project work encourages children to develop curiosity, inquiry, exploration, experimentation, independence, and problem solving skills in addition to content knowledge. This learning event will address the teacher's role in project work by exploring the process of choosing a topic, developing and planning for projects, facilitating child-directed learning experiences, and promoting creativity, in-depth thinking and engagement in the project topic.

Creative Curriculum for Infants, Toddlers and Twos

During this two-day training participants will explore the three volumes of the Creative Curriculum for Infants, Toddlers and Twos in order to understand the importance of responsive care and to learn how to incorporate the 38 research-based objectives for development and learning in order to focus on what matters most for young children.

Creative Curriculum for Preschool

During this two-day training participants will explore the five volumes of the Creative Curriculum for Preschool in order to understand the importance of responsive care and to learn how to incorporate the 38 research-based objectives for development and learning in order to focus on what matters most for young children.

Guiding Your Staff with Sensory Play Materials

Sensory activities facilitate exploration and naturally encourage children to use scientific processes while they play, create, investigate and explore. The sensory activities allow children to refine their thresholds for different sensory information helping their brain to create stronger connections to process and respond to sensory information.

This workshop will also give the attendees an opportunity to participate in and create a number of projects to develop first-hand experience in what thinking skills are involved in appropriate sensory activities.

Hands on Literacy for Infants and Toddlers

Learn how to provide opportunities for infants and toddlers to build the foundational skills upon which all later language and literacy is built through developmentally appropriate activities.

Sensory Play as a Tool for Learning

Sensory activities facilitate exploration and naturally encourage children to use scientific processes while they play, create, investigate and explore. The sensory activities allow children to refine their thresholds for different sensory information helping their brain to create stronger connections to process and respond to sensory information.

This workshop will also give the attendees an opportunity to participate in and create a number of projects to develop first-hand experience in what thinking skills are involved in appropriate sensory activities.

Building Future Engineers through STEM

This training is specifically designed to educate practitioners on how to solve design challenges with young children. Practitioners will have the opportunity to make and tinker while learning how to conduct design challenges which include Math and Literacy using NAEYC's Making & Tinkering with STEM.

Planning for Instruction

Now that you are writing objective observations on the children, what's next? Observations are a way for teachers to plan for instruction. Understanding the interest and needs of your children is key to planning activities and meaningful experiences that will enrich their learning. In this training we will use your observations to create lesson plans that will be intentionally created to meet the needs of the children in your classroom.

Super Friend to the Rescue

It's a bird. It's a plane. No....It's Super Friend! Super Friend is a character who teaches our toddlers and preschoolers how to be "super friends". This session is jam packed full of fun ideas on how to include Super Friends into lessons. Super Friends teaches kids how to share, take turns, ask for a toy, follow rules, and even how to clean-up.

Growing Up Wild

Growing Up Wild is an early childhood education program that builds on children's sense of wonder about nature and invites them to explore wildlife and the world around them.

Hook 'Em with Books (Also offered in Spanish)

Let's dive into this wonderful resource for new and veteran preschool teachers. Participants will spice up literacy activities with teacher-created and developmentally appropriate materials and activities. Participants will learn how to create a literacy-rich environment preparing preschoolers for Kindergarten.

Participants will receive a copy of the NAEYC resource Learning About Language and Literacy in Preschool.

Baby Talk: Communicating with Infants (Offered in Spanish)

This session will focus on the importance of communicating with babies and toddlers in the early stages. Participants will gain an understanding of communication skills and desire to connect with the world around them. Participants will identify strategies to promote the use of language as they consider the natural progression of development. Participants will enhance their knowledge through videos that show significant interactions with adults during routine and play.

Back to School Bash

Summer is over, so let's get back to school! Join us for this fun and interactive session where we explore best practices for setting up classrooms and transitioning children out of summer mode. Leave this session with ideas and materials to use in your program as you gear up for back to school season. Dust off those back packs and let's go back to school!

Math Explosion

Didn't like math in school? Not sure how to implement math activities for your preschool children? This is the training for you! Participants will learn engaging activities that assist preschool teachers in creating environments in which children are eager to explore and learn about math.

Onset, Rime, Alphabet Time!

This learning event is designed to discuss the many hands on methods for teaching emergent literacy skills to preschool aged children. We will discuss skills such as writing in the preschool years and the differences between phonological awareness and phonics skills

Infant Toddler Development – The Total Package

The training will go into in-depth review of infant and toddler development. Each session of this five part series will cover one major area of development from birth through age 3. Participants will receive research-based information and data on child development related to each area of development, the progression of developmental milestones, embedding age-appropriate strategies into curriculum activities to support skill development and scaffolding to promote learning through observations of children.

Communication is Key: Strategies for Unlocking Language

The focus of this workshop is on understanding the importance of communication and how it impacts our interaction with toddlers/preschoolers with and without developmental delays. A framework will be shared to help understand behavior and how adults and activities support social and communication skills. Practice activities with video samples will allow participants to better interpret challenging behavior and unlock the behaviors communicative message.

Learning Environments for Infants, Toddlers and Twos

Providing high quality experiences for infants is vital to their unique development. As children grow, those experiences with their environment shape what and how they learn. This session will focus on the importance of providing children under the age of three with a high quality learning environment. Teachers will learn about ways to provide developmentally appropriate activities which will allow children to learn in an environment

Teacher-Child Interactions

Making the Most of Classroom Interactions (MMCI) Preschool

MMCI helps early childhood professionals engage with the Classroom Assessment Scoring System (CLASS) as they identify and understand the interactions that increase children's learning and development. Participants will: examine the impact of teacher-child interactions and relationships on

children's learning, identify teacher- child interactions that affect child outcomes, and learn how to use the CLASS observation tool for considering teaching practices and guiding observations of classroom videos and real-life interactions.

Making the Most of Classroom Interactions (MMCI) Infant and Toddlers

MMCI helps early childhood professionals engage with the Classroom Assessment Scoring System (CLASS) as they identify and understand the interactions that increase children's learning and development. Participants will: examine the impact of teacher-child interactions and relationships on children's learning, identify teacher- child interactions that affect child outcomes, and learn how to use the CLASS observation tool for considering teaching practices and guiding observations of classroom videos and real-life interactions.

Reflective Practice Group- PreK Making the Most of CLASSroom Interactions (MMCI) Emotional Support

This two hour interactive session is designed as a forum for sharing and questions for those practitioners who have completed MMCI training and have had an opportunity to put into practice those skills related to Positive Climate, Teacher Sensitivity, Regard for Student Perspective in their preschool classroom. Participants will be encouraged to reflect on and share experiences, successful strategies, and questions they have as they work to develop and maintain effective teacher child interactions.

Reflective Practice Group- PreK Making the Most of CLASSroom Interactions (MMCI) Classroom Organization

This two hour interactive session is designed as a forum for sharing and questions for those practitioners who have completed MMCI training and have had an opportunity to put into practice those skills related to Behavior Management, Productivity and Instructional Learning Format in their preschool classroom. Participants will be encouraged to reflect on and share experiences, successful strategies, and questions they have as they work to develop and maintain effective teacher child interactions.

Reflective Practice Group- PreK Making the Most of CLASSroom Interactions (MMCI) Instructional Support

This two hour interactive session is designed as a forum for sharing and questions for those practitioners who have completed MMCI training and have had an opportunity to put into practice those skills related to Concept Development, Quality of Feedback, Language Modeling in their preschool classroom. Participants will be encouraged to reflect on and share experiences, successful strategies, and questions they have as they work to develop and maintain effective teacher child interactions.

Walk Like an Egyptian... Over to the Pyramid – Using Universal Practices to Support the PWPBS Pyramid Model

This workshop will focus on creating universal social-emotional supports for all children. Come learn from teachers who will share how they implement the Pyramid Model and use strategies and supports to promote clear expectations, schedules/routines, friendship skills and problem solving. Make-and-take materials will be provided.

Ain't Misbehavin' – Supporting Children with Challenging Behaviors through the Interactions and Empathy

Ain't Misbehavin' is an interactive class that will assist learners in understanding the role trauma plays in child development and behavior, with a focus on how offering empathy can impact children's behaviors. Learners will gain new strategies to improve their interactions with children which will promote social-emotional health and development.

What do you do with the MAD that you feel? (Also offered in Spanish)

During four evening sessions, learners will participate in activities to help children understand their angry feelings, learn appropriate strategies to assist children in managing those feelings and helping children to develop self-control. This learning event is based on Fred Roger's beliefs and ideas about children and angry feelings.

Estrategias para guiar el comportamiento de los niños pequeños y prescolares (Strategies to guide the behavior of young and preschool children)

With this learning event, participants will identify strategies to guide the behavior of young children and preschoolers, taking into account the developmental needs of children. Participants will also analyze challenging behaviors and identify which strategies should be applied to achieve a more effective response in which teachers will teach children how to modify and control their own behavior as they grow and mature.

Be a Behavior Boss: Solutions for a Challenging Behavior

Challenging behaviors can be frustrating and stressful for teachers. This training session will focus on figuring out why challenging behaviors occur and how we can teach and reinforce behaviors that are more desirable. Participants will learn a process to determine why the behavior is occurring and how to create a plan to address the behavior. Video examples will be used to practice these skills. Tools and ideas will be shared so teachers can begin utilizing the tips in their classroom.

Using Puppets to Make Social Emotional Magic Happen

This session will focus on the benefits of using puppets in early childhood education settings to teach social-emotional skills. Participants will learn about a variety of puppets for different age groups, embedding puppet use in routines, and tips for using puppets in the classroom. There will be videos to demonstrate fun puppet play and make and take activities.

Look at that Baby Grow! From in Our Arms to Cruising Around

As babies grow, they learn how to move and groove through their environment. This session is all about how to position and physically support babies to promote engagement. Babies are soaking in all their surroundings and during their first 20 months their physical development is continually blossoming. We will share ways to both promote babies motor development, while also getting them to interact with their environment.

Age-Appropriate Discipline Practices

Biting, Scratching, Tantrums, Oh My!

Participants will gain knowledge about why toddlers engage in biting, scratching, tantrums, and other problem behaviors. In addition, participants will also learn how to respond to these challenging behaviors, understand the behaviors, and develop strategies to support children experiencing these behaviors.

Tell Them What You Want, What You Really, Really Want: Teaching Rules and Expectations

Do you feel like some young children don't follow the rules or you have to tell them directions over and over of what to do? Teaching rules and how to follow directions can be hard when your kiddos have only been on the planet for one to five years. Participants will learn fun and easy lesson ideas to incorporate rules and expectations into their daily routines through video samples and make-and-take activities that can be implemented the next day in their classrooms.

Health and Safety

Safe Baby Training

Safe Baby offers hospital and community-based education to teach parents/caregivers about direct actions that they can take to protect babies from the main causes of preventable infant deaths in Hillsborough County. Protective practices include how to choose a safe caregiver, prevent Shaken Baby Syndrome, and promote safe sleep practices.

Ouch and Yuck!

This session will take a look at the health and safety practices in early childhood settings. From playgrounds to air vents, we will explore best practices to keep young children safe and secure in their environment so that they can reach their fullest potential. Learning happens when children are healthy

and safe!.

No More Boo Boo's

Playground safety is a big concern for not only owners and directors but also teachers. The emotional and financial cost can be draining. The goal of this training is for providers to understand and identify playground safety issues and to implement strategies that can make the outdoor play area a safe and effective learning environment. This is a great training for everyone who supervises an outdoor play space.

Nutrition

No Bake Cooking for Preschoolers

This engaging session will explore the benefits of cooking in the classroom with young children. We will examine the ways that cooking supports all areas of development through healthy recipes that engage all senses. Participants will create food samples from child friendly recipes that are tasty and nutritious.

No Bake Cooking for Preschoolers - Holiday Edition

This engaging session will explore the benefits of cooking in the classroom with young children while exploring Holiday traditions. We will examine the ways that cooking supports all areas of development through healthy Holiday recipes that engage all senses. Participants will create food samples from child friendly recipes that are tasty and nutritious.

Family Engagement

Mind in the Making

Mind in the Making is a training that shares the science of children's learning with families, and professionals who work with closely with them. This interactive workshop promotes the Seven Executive Function Life Skills, which are evidenced-based skills essential for children's success in the short- and long-term

Effectively Communicating with Families

This learning event is designed for preschool teachers and directors, particularly those with developmental differences. This learning event will assist you in developing effective communication skills with families in order to successfully support inclusion for all children.

Connecting with Families

As early childhood professionals, one of our first objectives is to find out how a family's values and beliefs relate to their goals for their children. In order to meet this objective, just as we get to know each child and their needs, we should learn the needs and priorities of individual families. Participants will receive strategies for connecting with families through a variety of experiences.

Supporting Families through a Team Approach

Priorities, issues, and concerns expressed by families of young children with challenging behavior are fundamental to teaming with families. We will discuss family-centered practices that respect each individual family's values, strengths, and needs. Families are seen as equals in a team process and share in developing and implementing goals for their children.

Inclusion and Special Needs

CARA's Kit for Preschoolers: Creating Adaptation for Routines and Activities

CARA's Kit is designed for teachers who are involved in providing early care and education for preschool children, particularly those with developmental differences. The kit provides linkages to Pre-K Learning Standards and curricula and provides a matrix of adaptations that can benefit all children. This training is co-sponsored by Inclusion Support Services and the Early Learning Coalition for VPK teachers and

programs participating in Quality Counts for Kids.

CARA's Kit for Toddlers: Creating Adaptation for Routines and Activities

CARAs Kit is designed for teachers who are involved in providing early care and education for toddlers, particularly those with developmental differences. The kit provides linkages to Learning Standards and curricula, and provides a matrix of adaptations that can benefit all children. This is a great training for those who have already attended the CARAs Kit for Preschoolers!

The Invisible Suitcase: A Glimpse into Trauma

Participants will become aware of possible trauma(s) a child/children may have experienced in early childhood. They will learn about the effects of those traumas on children's behavior. Join us to learn about the importance of creating a safe environment, secure relationships, and providing coping skill to young children who have experienced trauma.

Understanding Sensory Processing and Behavior

Some children process sensory information differently than others and their behavior may reflect either an over or under sensitivity to sensory information. Come learn about how sensory integration affects you and the children you serve. Strategies for helping all children develop their sensory systems will be included in this fun and interactive workshop

Why, When, How and What? Teaching Social/Emotional Skills

Teaching social/emotional skills is an important part of learning for all children. This workshop will explore why teaching social and emotional skills is so important. Make and take activities and video examples will help participants identify how and what to teach. Participants will leave with ideas and tools to effectively teach children in their classroom.

Management and Administration

Foundational Management Part 1 - Emergency Preparedness

Emergencies happen. Is your program prepared? During this training participants will discuss the basic requirements that must be part of every program's emergency preparedness plan, brainstorm with others on ideas on how to handle emergencies, and practice writing policies and procedures to develop a concise working document.

Observation of Staff

In this training participants will develop an understanding of the importance of conducting consistent staff observations and feedback based on established performance expectations and goals. We will share observation tools and techniques, effective communication of outcomes and ways to support staff in establishing strategies for continuing professional development

The Building Blocks of Attracting and Keeping Quality Staff

The most important element in operating a high quality child development program is the people who implement it on a day-to-day basis: your staff. This learning series will address key elements and strategies for recruiting, hiring and retaining quality staff, beginning with establishing a healthy, organized and supportive work environment. This training will help participants develop guidelines and practices for recruitment and hiring that include developing job descriptions, searching for candidates, formatting job applications, interviewing and the selection process, making a job offer, orientation of new staff, and establishing professional development. Participants will also reflect on and evaluate the role of leadership, communication, supporting staff and team building in retaining a quality staff.

Diversity in the Workplace

In this training participants will gain a clear understanding of what diversity is, raise a greater awareness and sensitivity to diversity issues that go well beyond the assumed categories, and learn behavioral tools

for fostering a more cohesive workplace.

Anti-Bias Education: Equal Education for all Children

This session will explore the topic of equality for all children as it relates to the children we serve in our community. We will use the National Association for the Education of Young Children (NAEYC) stance on anti-bias education to guide discussions related to equality, equity and identity within our own teaching practices and beliefs.

NAEYC Code of Ethical Conduct

The “NAEYC Code of Ethical Conduct” was developed and published by the National Association for the Education of Young Children (NAEYC) to support early childhood practitioners when making professional decisions related to the children and families in their care. During this training participants will become familiar with the “NAEYC Code of Ethical Conduct”, explore several sample ethical issues and practice a process when faced with ethical dilemmas.

Overview of the Florida Core Competencies for Early Care and Education

Participants will explore the “Florida Core Competencies for Early Care and Education Practitioners” to learn how this tool can support a progression of professional development that allows an individual to build knowledge and skills in a cumulative manner from introductory training to advanced level education.

Hiring Quality Staff

The most important element in operating a high quality child development program is the people who implement it on a day to day basis: your staff. The decision of whom to hire is one of the most essential decisions you will make. The hiring process should demonstrate the kind of organization you want to create and should be consistent with your mission, philosophy, and goals. This training will help participants develop guidelines and practices for the hiring process that include developing job descriptions, searching for candidates, the format of the job application, interview fundamentals, the selection process and official job offers.

Orientation of New Staff

The orientation process is an important ‘next step’ after hiring. It ensures clear communication of program expectations and confirms that they are understood, it is the foundation of the center’s professional development system, and it sets the stage for working relationships between staff, families and children. Whether reviewing a current orientation process or starting from scratch, this training will help participants develop an effective orientation program that will benefit both the center and the employee..

Data Driven Coaching of Staff

This training builds on content from the “Observation of Staff” training, where the focus was on collection of data on teacher practice in the classroom. Once observed data is collected, the question becomes how to use it to coach teachers in self-reflective practice, clarifying needs, building on strengths, and empowering them to take responsibility for their own professional development. This training will focus on using data to conduct a coaching conversation with the observed teacher about professional practice, selecting a focus for future goals and instructional improvement.

Program Evaluation

Introduction to the Infant Toddler Environment Rating Scale (ITERS-3)

This training is for infant and toddler teachers or center directors to learn about how both the environment and interactions play an important role in the development of children. The ITERS-3 focuses on the full range of needs of infants and toddlers and provides a framework for improving program quality. Participants will explore ways to enrich the experiences of the children for whom they care from infancy through 36 months of age.

Introduction to the Early Childhood Environment Rating Scale (ECERS-3)

This training is for preschool teachers and center directors to learn about how both the environment and interactions play an important role in the development of children. The ECERS-3 focuses on the full range of needs of preschool age children and provides a framework for improving program quality. Participants will explore ways to enrich the experiences of the children for whom they care from three to five years of age.

Introduction to the Family Child Care Environment Rating Scale Revised

This training is for family child care providers to learn about how both the environment and interactions play an important role in the development of children. The FCCERS-R focuses on the full range of needs of infants through school age children and provides a framework for improving program quality. Participants will explore ways to enrich the experiences of the children for whom they care.

What You Should Do With Your CLASS Observation

Navigating the Classroom Assessment Scoring System (CLASS) tool can be unfamiliar territory for child care practitioner. This hybrid session will give teachers, directors and family child care home providers the opportunity to ask questions about the CLASS observation process, requirements and scores. A panel of CLASS observers will be available to help you understand CLASS scores for continuous quality involvement.
