Hello Human Resources Representative,

The Early Learning Coalition of Hillsborough County is a non-profit that works to ensure all our community's youngest learners grow up to achieve anything they can imagine! Employees who are struggling to afford child care and meet specific income criteria, may be eligible to receive financial assistance through our School Readiness program.

The ELCHC is your strategic nonprofit partner in building a community where everyone who lives and works here can thrive. If you have questions about the packet or to schedule a meeting contact Community Relations: communityrelations@elchc.org

We ask for your partnership in sharing the enclosed information about our FREE programs and services with your employees.
